January 30<sup>th</sup>, 2025

To: Clients of M365

To whom it may concern,

Microsoft recognizes the need to maintain an appropriate internal control environment and report on the effectiveness of, as well as material changes to, its system of internal control. This letter confirms that based on our records, and to the best of our knowledge, for the SOC audit period (October 1<sup>st</sup> 2023-September 30<sup>th</sup> 2024), and as of the date January 30<sup>th</sup>, 2025, we are not aware of any material changes to the system of internal control provided by Microsoft, nor has anything come to our attention that we believe would impact the conclusions reached in the SOC 1 type 2 and SOC 2 type 2 reports.

We are in the final stages of completing the SOC 2 type 2 audit. To conclude upon the complete design effectiveness of internal controls at Microsoft, you also should request and read the SOC 1 type 2 and SOC 2 type 2 reports currently available. This letter is not intended to be a substitute for the SOC 1 type 2 and SOC 2 type 2 reports, or to provide you with a certification of Microsoft's internal control, or to suggest to you that Microsoft has performed a separate evaluation of its controls for the purposes of producing this letter.

These communications, also known as bridge letters, are published quarterly, upon the completion of the quarter. Microsoft is currently in the process of renewing our SOC audit certifications and once completed, the new audit reports will be made available to our clients.

Sincerely,

  
X Oliver Bell (Jan 30, 2025 10:27 PST)
